

Starlight Paradise Limited

Privacy Policy

Effective July 16, 2026

1. Overview

Starlight Paradise Limited ('we', 'us', 'the Studio') operates the Star Paradise website and related digital content. This Privacy Policy explains what personal data we collect, if any, and how we would handle it. Because Star Paradise is created for and enjoyed by children, we take a deliberately cautious, minimal approach to data collection.

2. Current Data Collection

We do not currently collect any personal data through the Star Paradise website or apps. There are no account sign-ups, no forms, no data collected from children, and no user data stored by us.

3. Cookies & Analytics

We do not currently use tracking cookies or analytics tools that identify individual visitors. If this changes in future, this policy will be updated in advance and a cookie notice will be added to the website.

4. Children's Privacy

Star Paradise is designed for children, and we are committed to going beyond standard requirements to protect young visitors:

- We do not knowingly collect personal information from children.
- We do not include third-party advertising, chat, or messaging features aimed at children.
- Should any future feature (for example, an interactive app) need to collect data, such as a name for personalization, we will seek verifiable parental consent first, in line with applicable children's privacy laws (such as COPPA in the United States, the UK Children's Code, and Hong Kong's Personal Data (Privacy) Ordinance), and will update this policy before that feature launches.

5. Third-Party Tools

Our website hosting provider may automatically log basic technical information (such as IP address and browser type) for security and site-operation purposes, as is standard for most web hosts. We do not use this information to identify individual visitors or for marketing.

6. Future Changes

As Star Paradise grows, for example if the ELF Drone Service app is built and includes any data collection, this policy will be updated to explain clearly what is collected, why, how it is stored, and how a parent or guardian can review, correct, or delete it. We will never collect more data than a feature genuinely needs.

7. Contact

Questions about this Privacy Policy can be directed to Starlight Paradise Limited at info@slphk.com.

8. Review

This policy will be reviewed whenever the website or apps change in a way that affects data collection, and at least annually.
